

Language, Literacy & Communication

Reading—Our focus text for this term will be the Horrible Geography “Bloomin Rainforest”. This is a non-fiction book with lots of interesting facts and tales about the rainforest.

Writing—We will be writing persuasive arguments through adverts and letters and hopefully doing some story writing work too.

Oracy—We will be practising our debating skills to argue and contest some of the important issues surrounding the rainforest such as deforestation, pollution and animal conservation.

Science & Technology

The properties and uses of different materials.

DT

Learner –led activities creating our own versions of the rainforests of the world from various materials, using a range of techniques and styles.

ICT

Utilising Hwb and Google for Education to create Google Docs, Slides and Pages about the rainforest, deforestation and sustainability .

Rainforest

Humanities

Geography

Looking at the notable natural and physical features of the rainforests around the world. Comparing our locality with that of a rainforest and looking at how human and natural influence has changed these areas.

History

We will be looking at some of the ancient tribes of the rainforests and how they have adapted and changed over time whilst keeping their traditions and way of life.

RE

The religious festival of Diwali .

Maths/Numeracy

Data Handling

Recording, collating and analysing information using graphs, tables, charts

Shape & Measures

Capacity, weight, length and 3D shape

Number

Place value and money

Health & Wellbeing

PE

Football & ball skills (Mrs Hughes)

Gymnastics (Mr Maddocks)

Expressive Arts

Music

Recreate the sounds of the Rainforest. Identify the musical elements and explore and discover sound makers in the environment.

Art

Creating textured and varied collages using a wide range of drawing implements to create our own representations of the Rainforests of the world.
